A warm welcome to WORKTECH25 Chicago

WORKTECH is the fastest growing forum for all those involved in the future of work and the workplace as well as real estate, technology and innovation.

You are invited to join over 100 senior professionals for an insightful program of peer-to-peer discussions and thought leadership sessions with workplace visionaries, exploring the changing landscape of work and the purpose of the workplace.

Our agenda will explore transformative shifts in work culture, technology integration, and employee expectations. Join us to gain perspectives from industry leaders and thought pioneers, on the evolving world of work in 2025.

We hope you will be able to join us and we are looking forward to welcoming you to the event on July 15th.

Warmest regards,

Samantha

KEY INFORMATION

MEET THE SPEAKERS

WORKTECH25 Chicago will attract some of the biggest and brightest names to debate, discuss, and divulge the latest thinking on the future of work and the workplace.

The conference will feature leading international thinkers from industry and academia. Our speakers represent some of the world's biggest brands and best universities and research departments, alongside radical visionaries from new innovative organisations.

Through interdisciplinary speakers and learning experiences, we focus on bringing cutting edge ideas and inspiration to the workplace community to enhance creativity and move thinking forward. Instead of focusing on peer to peer innovation through imitation, we aim to curate a unique programme, bringing together experts in the fields of people, place and technology and relevant adjacencies to reflect on the future of work and workplace.

Alongside the conference series, the WORKTECH Academy knowledge hub explores the future of work through six key themes: people, place, technology, design, culture and innovation. Creating leading commentary, research and publications that places scientific research at the heart of key business problems. www.worktechacademy.com

CONFERENCE AGENDA

09:00 - 17:00

11:30 | EXPERT PANEL: REDEFINING WORKPLACE SUCCESS — MEASURING IMPACT

Tucker Dupree, **Global Workplace Innovation and Technology Lead, BP** / Mitchell Bobman, **Vice President, Workplace Technology, Northern Trust** / Corrine Rice, **SVP, Global Talent & Employee Experience, tms** / Moderator: Dan Rooney, **Managing Director, Consulting, JLL**

The workplace is more than just a physical space—it's an interconnected ecosystem that shapes employee experience and business performance. Yet, measuring success across people, culture, space, and technology remains a challenge. With competing priorities and siloed functions, how can organizations align teams and assess true impact? This panel explores cross-functional strategies to break down barriers, leverage data, and establish meaningful metrics beyond traditional KPIs. Industry leaders will share insights, challenges, and innovative approaches to workplace analytics, helping organizations redefine success and optimize employee experience, productivity, and business outcomes.

12:00 | HUMAN-CENTRIC DATA: SHAPING IMF'S FUTURE WORKSPACES AND REAL ESTATE

Olivia Millar, **Section Chief, Space Planning & Management, International Monetary Fund (IMF)** / Alexis Kim, **VP, Senior Workplace Strategist, SmithGroup**

This session explores IMF's innovative approach to developing a workplace and campus strategy, leveraging data with human and cultural factors. Presenters will share their journey in creating a long-term space strategy, providing insights on using real-time data and qualitative information to align with organizational goals.

14:10 | PEOPLE ATTRACT PEOPLE: THE NEW SCIENCE OF WORKPLACE MAGNETISM

Justin Kenyon, **Managing Director, Technology Vertical, JLL**

Meaningful human interaction drives office attendance more powerfully than amenities alone. This session explores how CRE leaders are designing purpose-driven environments where employees genuinely want to gather. We'll discuss strategies for building a human-centered ecosystem that integrates data, culture, and space to enhance the end-user experience. Discover how leading organizations are measuring workplace impact using both qualitative sentiment and AI-driven analytics for real-time optimization, fostering a people-first destination that drives business results.

14:35 | EXPERT PANEL: UNLOCKING THE FUTURE OF SMART ACCESS & SEAMLESS EXPERIENCE

Troy Johnston, **Director Strategic Alliances, Americas, HID** / Phil Coppola, **Business Development Director, Mobile Solutions, HID**

Join industry experts as they explore how smart workplace access, mobile entry, and visitor management are transforming the modern work environment. From mobile credentials to connected visitor experiences, this panel dives into the technologies shaping frictionless, secure, and employee-centric environments. Discover how integrating smart access solutions drives productivity, enhances security, and contributes to a seamless digital experience. As hybrid work evolves, learn how to build a future-ready ecosystem that prioritizes ease of use, collaboration, and user satisfaction—turning every entry point into a touchpoint for better employee engagement.

15:05 | INTERACTIVE AUDIENCE DISCUSSION

15:10 | MHUB WORKPLACE TOURS & COFFEE BREAK

15:40 | +2 OFFICE: KEY METRICS AND MEASUREMENT TECHNIQUES FOR FLOURISHING IN THE WORKPLACE

David Dewane, **Chief Experience Officer, Physical Space**, geniant

This talk takes a deep dive into metrics developed at geniant (or rather stolen from Jim Collins) that create a basis for a data-driven approach to creating high-performance working environments. It also expands the conversation—reframing the workplace not just as a site of productivity, but as a space for genuine human flourishing. Drawing on behavioral science, sociological research, and real-world beta testing, the session introduces quantifiable insights that measure belonging, creativity, engagement, and well-being. Attendees will learn how these metrics, paired with a practical tracking system, can help shape more adaptive, human-centered workplaces that support both individual vitality and collective success.

16:00 | PANEL DISCUSSION - BEYOND DEI: BRINGING INCLUSIVE VALUES TO LIFE IN THE WORKPLACE

David Kamen, **Vice President, Global Real Estate & Facilities**, Cigna / Olivia Danielson-Veed, **Senior Project Interior Designer**, HOK / Moderator: Michael Korcek, **Marketing Director**, MartLifting

Moving beyond policies, this discussion explores practical ways organizations can embed inclusion into everyday workplace culture—ensuring all employees feel valued, heard, and empowered. Panellists will highlight how thoughtful, inclusive workplace design can support the full spectrum of diversity and cognitive needs, foster a greater sense of belonging, and enhance the overall ecosystem of the workplace. The session will share real-world strategies for translating DEI commitments into meaningful actions that drive engagement, innovation, and long-term impact in the built environment.

16:30 | KNOWLEDGE EXCHANGE: INSIGHTS, REFLECTIONS AND FORWARD THINKING

Moderated by Amanda Schneider, **Founder & President**, ThinkLab

As the day concludes, join us to reflect on key themes, insights, and takeaways from the conference. This interactive session will distil key learnings, spark discussion, and explore how the ideas presented can drive future action. Share your thoughts, gain fresh perspectives, and leave inspired to turn insights into impact.
